

RICO ABREU RACING PARTNERS WITH MESILLA VALLEY TRANSPORTATION FOR THE 2024 SPRINT CAR SEASON

(Brownsburg, Indiana) Rico Abreu Racing is excited to announce their partnership with Mesilla Valley Transportation (MVT) for the 2024 Sprint Car season. The partnership will kick off at Speedweeks in February and will continue throughout the full season.

As a leading transportation company in the Southwest, MVT is known for its safety and professionalism. Founded by Royal Jones and Jimmy Ray, who were the first truck drivers at MVT, the company has gone through controlled growth in the late '80s and began servicing the 48 states and Canada. MVT was quickly recognized as the leader in quality service and on-time delivery and is now the largest, privately-owned transportation fleet in the United States.

The partnership between Rico Abreu Racing and MVT is a natural fit, as both brands strive for excellence in their respective fields. Rico Abreu, a well-known Sprint Car driver, has a proven track record of success on the track. By partnering with MVT, he will have the support of a company that is equally committed to delivering top-notch service.

"We are thrilled to partner with Mesilla Valley Transportation for the 2024 Sprint Car season," said Rico Abreu. "Their commitment to safety and professionalism aligns perfectly with our team's values, and we look forward to a successful partnership both on and off the track."

Royal Jones, owner of MVT stated, "Partnering with Rico Abreu and his sprint car team in 2024 is an exciting opportunity for us. Rico is a talented driver with a passion for the sport, and we are thrilled to be supporting him in his racing endeavors. We look forward to working together to achieve great success on and off the track."
